

# **Quimbaya Gold Inc files preliminary non-offering prospectus and applies to Canadian Securities Exchange for listing**

VANCOUVER, BC, Oct. 6, 2021 /CNW/ - Quimbaya Gold Inc. ("Quimbaya" or the "Company") a Canadian gold exploration company focusing on high grade deposits in Antioquia, Colombia, is pleased to announce that it has filed a preliminary non-offering long form prospectus (the "Prospectus") with the British Columbia Securities Commission ("BCSC") and has applied to the Canadian Securities Exchange ("CSE") for the listing of its ordinary shares on the CSE (the "Listing").

The Company has filed the Prospectus in accordance with the provisions of Canadian National Instrument 41-101 - *General Prospectus Requirements* to become a reporting issuer in British Columbia. No new securities are being offered under the Prospectus. Final acceptance of the Prospectus and the Listing are subject to the review and approval of the BCSC and the CSE, respectively. The Prospectus contains important information relating to the Company, its currently issued securities and is subject to amendment as may be required by the applicable securities regulatory authorities. A copy of the Prospectus is available under the Company's profile on SEDAR.

The Company believes that going public will enable it to provide liquidity to its existing shareholders and offer the opportunity to raise additional capital to build out its business and execute its business plans through exposure to a range of new investors on one of the premier public markets for the mining sector. The Company can give no assurances that the Listing application will be successful or that, if it is successful, that any significant market for its securities will develop.
